1 Letter to Unitholders

17 July 2024

Perpetual Credit Income Trust (ASX: PCI) Unit Purchase Plan

Dear Eligible Unitholders,

Perpetual Trust Services Limited ACN 000 142 049 AFSL 236648 (**Responsible Entity**) in its capacity as the responsible entity of the Perpetual Credit Income Trust (**PCI** or **Trust**) is pleased to offer you the opportunity to participate in the PCI Unit Purchase Plan or **UPP**, which allows each Eligible Unitholder to subscribe for up to \$30,000 of new Units (**UPP Units**) without incurring brokerage or other transaction costs.

You should read this Booklet in its entirety before making a decision in relation to the UPP Offer.

UPP Units are being offered at the Issue Price of \$1.10 per Unit which is equivalent to the net tangible assets (NTA) per Unit of the Trust on Friday, 5 July 2024 and represents a 4.8% discount to the Trust's closing share price on Monday, 8 July 2024.¹

Once issued, UPP Units will rank equally with existing Units on issue in the Trust and will carry the same voting rights and entitlements to future distributions² with effect from their issue date³.

Participation in the UPP

Participation in the UPP is voluntary. Participation in the UPP is open to all Eligible Unitholders, being registered holders of Units in PCI at 7.00pm (Sydney time) on Monday, 8 July 2024 (**UPP Record Date**) whose address on the Register is in Australia or New Zealand. The UPP is also being extended to Eligible Unitholders who are Custodians or nominees to participate in the UPP on behalf of certain Eligible Beneficiaries on the terms and conditions set out in this Booklet.

Subject to the terms and conditions set out in this Booklet, Eligible Unitholders may apply for UPP Units in parcels valued at \$500, \$1,000, \$1,500, \$2,000, \$2,500, \$5,000, \$7,500, \$10,000, \$12,500, \$15,000, \$20,000, \$25,000 or \$30,000 (subject to the Responsible Entity scaling back any such applications, in its discretion, acting reasonably and in accordance with the duties of a responsible entity, and rounding) without paying any brokerage or other transaction costs.

The UPP Offer is non-renounceable (i.e. Eligible Unitholders may not transfer their right to apply for UPP Units under the UPP to anyone else).

Unitholders in the United States are **not** eligible to participate in the UPP. Similarly, Unitholders (including Custodians and nominees) who hold Units on behalf of persons in the United States, or are acting for the account or benefit of persons in the United States, are not eligible to participate in the UPP on behalf of those persons.

1 Based on the NTA per unit of \$1.10 (rounded to 2 decimal places) on Friday 5 July 2024 and a closing share price of \$1.155 on Monday 8 July 2024.

2 Where the distribution is declared and paid at the discretion of the Responsible Entity. Neither the Responsible Entity or the Manager provides any representation or warranty in relation to the payment of any future distributions.

3 Refer to the Summary of important dates for the expected allotment and quotation of units issued under UPP. The record date for distributions is typically the last business day of the month.

Unitholders who hold Units (either for their own account or on behalf of another person (accounts that are set up in the name of another holder)) who reside outside Australia or New Zealand are also not eligible to participate in the UPP.

The terms and conditions of the UPP are provided in this Booklet. We encourage you to read these materials in their entirety and seek your own financial and taxation advice in relation to the UPP before you decide whether to participate.

The UPP is not underwritten.

How to apply for UPP Units

In applying for UPP Units, each Eligible Unitholder must comply with the terms of the ASIC Instrument to the extent it applies to them. What is required in order to comply with the ASIC Instrument is set out in this Booklet.

The UPP opens on Wednesday, 17 July 2024 and is expected to close at 5.00pm (Sydney time) on Tuesday, 6 August 2024. UPP Units are expected to be issued on Friday, 9 August 2024 and commence trading on the ASX on Monday, 12 August 2024.

If you wish to participate in the UPP, you must apply via BPAY or EFT in accordance with the instructions contained in your personalised Application Form by 5.00pm (Sydney time) on Tuesday, 6 August 2024.

The maximum number of UPP Units that can be issued under the UPP is 120,362,333 Units, being 30% of PCI's current total Units on issue (**Capacity Limit**). If the total number of Units for which applications are received under the UPP exceed this amount or the Responsible Entity exercises its discretion, acting reasonably and in accordance with the duties of a responsible entity, to scale back the number of UPP Units to be issued under the UPP, you may be issued UPP Units to a value that is less than the value of UPP Units for which you applied. The aggregate number of UPP Units will be issued subject to not exceeding the Capacity Limit. Where the aggregate of payment applications received from Eligible Unitholders exceed the Capacity Limit, the Responsible Entity will scale back those applications (on a pro rata basis). If the Capacity Limit is exceeded before the Closing Date for UPP applications (defined below), the Responsible Entity may, in addition to scaling back applications, close the UPP Offer early, with such early closure of the UPP Offer and scale back to be announced to the ASX by the Responsible Entity. Where a scale back occurs, applicants under the UPP may be allocated fewer UPP Units than the parcel of UPP Units originally applied for and any excess application monies will be refunded (without interest payable on application monies).

Proceeds from the UPP

The proceeds from the UPP are intended to enable Perpetual Investment Management Limited (**the Manager**) to actively pursue additional investments in accordance with PCI's investment strategy and approach and consistent with the disclosures contained in the product disclosure statement for the Trust dated 8 March 2019 and the Trust's other periodic and continuous disclosure announcements lodged on the ASX. The Manager is seeing numerous opportunities where additional capital can be deployed including an attractive pipeline of corporate loan and securitised asset deals which will complement the relative value opportunities identified in investment grade and high yield credit and fixed income assets⁴.

Additional capital raised from the UPP will increase the Trust's size which the Responsible Entity expects will increase the liquidity in the Trust's units traded on the ASX. This potential for greater liquidity is expected to benefit unitholders and may also generate further interest from new unitholders, brokers, analysts and financial advisers. It is expected that greater scale in the Trust could also benefit unitholders by reducing the Trust's fixed expense base on a per Unit basis.

All investment carries risk. Two primary risks that can affect the value of your investment in PCI are ASX liquidity risk and credit risk. Although liquidity is generally expected to exist in this secondary market, there are no guarantees that is an active secondary trading market at the time of selling Units. Credit risk is the risk that a borrower or counterparty does not meet its principal and/or interest payment obligations as they fall due. If the credit risk increases for a borrower, for example due to a deterioration in its financial position, the value of the debt instruments of the borrower may fall. There may be a number of reasons why a borrower's credit worthiness declines such as business or specific sector issues, or general economic conditions deteriorating. Please refer to section 7 of the PDS for additional information as to the risks of investing in PCI.⁵ In addition, there is no guarantee that Units can be traded for the price at which they were acquired.

4 Terms and Conditions of the UPP Offer

Important notice and disclaimer

The information contained in this Booklet or any other accompanying documentation is not investment or financial product advice and has been prepared without taking into account your investment objectives, financial circumstances or particular needs. Before deciding whether to deal in or acquire UPP Units, you should consider the appropriateness of participating in the UPP having regard to your own investment objectives, financial circumstances and particular needs and having regard to the merits or risks involved. Unitholders should seek independent financial and taxation advice before making any investment decision in relation to these matters.

The UPP Offer is not a recommendation to purchase or acquire Units. The offer of UPP Units under the UPP Offer is made in accordance with the ASIC Instrument, which grants relief from the requirement for the Responsible Entity to provide a prospectus or product disclosure statement disclosure in relation to the UPP Offer. This Booklet does not constitute a prospectus or product disclosure statement, does not (and nor is it required under the Corporations Act to) contain all the information that a prospectus or a product disclosure statement is required to contain under the Corporations Act, and has not been lodged with ASIC. The issue of a prospectus or product disclosure statement is not required for the purpose of the UPP Offer. Rather, the Corporations Act and the ASIC Instrument permit offers to be made under a unit purchase plan by providing certain confirmations to the market on the basis that all information that investors and their professional advisers would reasonably require in making a decision in respect of the UPP Offer, is publicly available. Therefore, you must rely on the terms of the UPP Offer, your own knowledge of PCI, previous disclosures made by the Responsible Entity to the ASX in relation to PCI and if necessary, consult with your stockbroker, solicitor, accountant or other professional adviser when deciding whether or not to participate in the UPP Offer.

If you participate in the UPP Offer by making a payment by BPAY or EFT, you are accepting the risk that the market price of Units may change between the UPP Record Date, the date on which you make the payment by BPAY or EFT and the Issue Date. This means that, up to and after the Issue Date, you may be able to buy Units on the ASX at a lower price than the Issue Price.

Please read these terms and conditions carefully, as you will be bound by them in participating in the UPP Offer. Eligible Unitholders accepting the UPP Offer will also be bound by the constitution of PCI (as it may be amended from time to time).

The previous sections of this Booklet and the Application Form are part of these Terms and Conditions.

4.1 UPP Offer

- (a) The Responsible Entity offers each Eligible Unitholder the opportunity to purchase up to \$30,000 worth of UPP Units under the UPP subject to and in accordance with the terms and conditions set out below, in the previous sections of this Booklet and the Application Form (**UPP Offer**).
- (b) The UPP Offer opens on Wednesday, 17 July 2024 and closes at 5.00pm (Sydney time) on Tuesday, 6 August 2024 (or such other date as the Responsible Entity determines, in its absolute discretion, acting reasonably and in accordance with its duties as a responsible entity).
- (c) Participation in the UPP Offer is voluntary. If you choose not to participate in the UPP Offer, your right to participate lapses at the Closing Date, being 5.00pm (Sydney time) on Tuesday, 6 August 2024 (or such other date as the Responsible Entity determines, in its absolute discretion, acting reasonably and in accordance with its duties as a responsible entity).
- (d) The UPP Offer is non-renounceable and, therefore, Eligible Unitholders cannot transfer their right to apply for UPP Units to anyone else.
